

Labour market

Activities for activating the labour market, labour market monitoring and current services for the unemployed rest with the Poviát Employment Agency for the City of Toruń.

[1]

PEA has at its disposal *inter alia*:

- current data on the situation of the labour market in Toruń
- statistics, studies and analyses concerning unemployment and the labour market
- job offers
- information for the employers

It also realizes projects concerning professional activation, using national and European funds, conducts training courses and vocational counselling.

>>> Complete catalogue of PEA's services can be found at the following website: www.pup.torun.pl
